After two decades, RITA brings back to the stage her unforgettable show, "BIG LOVE"

Rita has been described as "larger than life", "down to earth", "powerful", "Nationalistic" and "loveable", to quote a few. Engraved in our memories is a series of photos from her shows in Caesaria, during which the audience showered her with enormous love. That love is what brought a soundtrack to life, e.g.; *"A Dark Blue Evening"*, *"Days Of Innocence"*, *"Come"*, *"Slave Of Time"*, *"Big Love"*, *"Foreign Bird"*, *"Live From Day To Day"*, *"Singing In The Streets"*, *"Wrapped In Mercy"* and also the cover to the celebrated hit *"Children Are Happiness"*. The show "BIG LOVE" was an unforgettable stepping stone in Rita's career. Besides being the show that won the longest tour life (400 shows in 4 years), it is also the first of its kind that was presented in front of Israeli audiences with an International production standard. This show contains advanced sound and lighting, production quality and an unforgettable musical content. Rita will give the audience a taste of her rich repertoire, performing her hits from 1994 to the present.
